

## **Death Reports for Federal Probates:**

There is a difference between State and Federal Probates.

Federal land, or Native Allotments and Restricted Townsite Lots where deeded to Native Alaskans by the United States -Department of the Interior.

Kawerak, Inc., Land Management Services prepares a federal probate case for this kind of land that a Bering Strait Regional Tribe Member that owned them at the time of their passing.

The form below is the “start” of filing a Death Report with the BIA office. If the deceased owned any Native Allotment or Restricted Townsite Lot and was a tribe member of the Bering Strait Region; we will write a letter to the family to get the Federal Probate process started.

**Land CANNOT be transferred to the potential Heir(s) unless we file our Federal Probate paperwork.**

Thank you for your assistance,

*Kawerak, Inc., Land Management Services Department*
