Dear Bereaved,

Planning a funeral can be a very stressful and emotional time. You could find yourself with lots of things to remember at a time when you really feel like you can’t handle more tasks. The loss of a loved one is never easy, even if they have suffered a long illness, and planning the funeral will probably be one of the last things on your mind. However, it must be done. These days some people choose to pre-plan their funerals. This really does take a lot of the financial and emotional burden away from those who are left behind, especially as there is often uncertainty as to the type of funeral the deceased would have wanted.

Funeral Checklist – What To Do First

At times like this it’s a good idea to have a checklist of things to do. You might actually be surprised at how many things there are to remember when planning a funeral.

1. Notify the Authorities – unless the death occurs in a hospital or a nursing home, it is very likely to be your responsibility to notify the appropriate authorities, simply call 911 or your local emergency number.
2. Notify Relatives and Friends – nobody likes to be the bearer of bad news, but you do need to inform the rest of the family and friends what’s happened. It is the responsibility of the police to notify the next of kin, but there will probably be lots of other people who need to know too. Don’t forget close friends as well as family.
3. Designate a point of contact or a lead coordinator for agencies to contact.
4. Designate an organizer for the funeral/potluck/gathering for memorial, etc. This person can also assist in finding other resources for the gathering, travel for family and a place to stay.
5. Contact one of the NSHC Social Workers at (902) 443-4540 and ask for assistance & information. The Social Worker follows up to ensure a death certificate is completed and has experience assisting families with the death of a community member.
6. Contact a Casket Company or Funeral Home – you may have already decided on which funeral home to use, maybe one which has been recommended or has been used for other members of the family, if not then you do need to make the decision now.
7. Who Will Pay – if the funeral arrangements haven’t been pre-planned and there is no insurance policy, then you will need to decide who will be responsible for paying for the funeral arrangements. Very often the executor of the estate will deal with this, but it really is up to the close family to decide amongst themselves.
8. Close family - will need to organize a time to meet up with the funeral director to discuss the finer details of the funeral, if necessary.
9. Collect Necessary Information – there is specific information which you will need in order to complete the death certificate. This includes: parents names (including initials of middle names and mother’s maiden name), date of birth of deceased, social security number, place of work and occupation.

Funeral Checklist – At The Funeral Home

Funerals can be extremely expensive and can put families in deep debt. Families must be aware that a cost comes with each item or services they request from a Funeral Home. The funeral director will be able to help and guide you through the planning procedure if this hasn’t been done already. These are the sorts of things you will need to do:

1. Embalming – you will need to consider whether embalming is necessary or not. This depends upon the type of funeral it will be. Embalming is not required by law for cremations, for example, as long as you don’t want to have any viewings of the body beforehand. If the body is not embalmed it will need to be either cremated or buried very quickly.
2. Clothing – this is again not necessary for cremations, but if you want to have visitations of the body then you need to decide on the clothing. This may be a favorite outfit of the deceased or alternatively the funeral director will help you to choose some suitable funeral clothes.
3. Jewelry – it is also nice for people to be buried with special jewelry or a watch, for example. Think about what was precious to the deceased and whether they might like to be buried with it. Again, this is not necessary for cremations.
4. Burial vs Cremation – if this hasn’t already been discussed, now is the time to decide on whether to bury or cremate the remains. If there is to be a burial, you will need to think about a burial
If you don't own a burial plot, then you will need to obtain one. Contact your City office for plots.

5. Choose a Casket or Urn – (check with NSHC Social Worker to see if one is available in Nome) the casket is one of the single most expensive items involved in the whole funeral procedure, but prices do vary. Hardwood caskets like Mahogany can be quite expensive, although cheaper soft wood options are available. Of course, for cremations you only need a simple cardboard container, although you might like to rent a casket for the service. **Note** – you do not have to buy your casket from the funeral director. You can actually buy one from another source and have it delivered to the funeral home, and the funeral director cannot refuse to allow you to do that or charge you extra for handling it, so if you have the time to shop around (probably only when you are pre-planning a funeral, realistically) then you might be able to save some money or find something which you prefer.

6. Open or Closed Casket – you need to decide whether the casket will be open or closed. Some clergy insist that the casket is closed before the memorial service, so if you want it open you’d better specify and see whether it will be possible.

7. Gather with family members to create the obituary together.

**Funeral Checklist – After the funeral**
Unfortunately, even after the funeral has been and gone there are still some things which you may find you need to do. Check this part of the list and make sure that nothing has been forgotten:

1. Death Certificate – it’s a good idea to get quite a few copies of this from your funeral director, 10 or more as you might be surprised at the number of places, they’ll need to see one. Contact the Alaska Vital Records office at (907) 465-3618 for actual costs.

2. Social Security Office – will need to be contacted, particularly if the deceased was receiving Social Security Benefits. Any overpayments made at this time will result in lots of problems later. If, however, you are the surviving spouse of the deceased, find out how this will affect your own Social Security Benefits.

3. Health Insurance Company – if applicable, will need to know that the deceased has passed away and coverage is no longer required.

4. Life Insurance Company – you will need to contact the Insurance Company about all Life Insurance Policies. They’ll need to see a copy of the death certificate and the policy number; you’ll also need to fill out a claim form. Also, remember to remove the deceased’s names from any other policy on which they are a named beneficiary.

5. Workplace – if the deceased was employed, you’ll need to contact the employer, ask them about information on pension plans, union death benefits and credit unions. Every one of these claims will also need a copy of the death certificate.

6. Credit Cards – of the deceased should be returned with a copy of the death certificate, or alternatively, if you want to keep use of the card then you need to inform the credit card company of the change in circumstances.

7. Accounts and Taxes – visit a tax advisor or accountant for help with filling out a tax return for the deceased in the year of the death. Keep a record of bank statements etc., on both the accounts held by the deceased and any joint accounts which were shared.

8. Bank Accounts – arrange for any joint bank accounts to be amended to your name only. You may need to check with the Trust Department if the estate of the deceased is held in trust.

9. Stocks and Bonds – should be changed in name, if applicable. Speak to your broker.

10. Pay Bills – don’t forget to keep up the payments on important bills, mortgages, loans etc.

5. Birth Certificate for each child (if appropriate)

Funeral Planning Checklist

The list provided below contains information about decisions that will need to be made during the funeral planning process.

1. Burial vs. Cremation
   If this hasn't already been discussed, now is the time to decide on whether to bury or cremate your loved one. If there is to be a burial, you will need to think about a burial plot. If you don't own a burial plot, you will need to obtain one. Contact your city office to arrange for a plot.

2. Embalming

Embalming is not required by law for cremations, for example, as long as you don't want to have any viewings of your loved one beforehand. If you choose not to embalm, you must quickly decide between cremation or burial.

3. Clothing
   If using a funeral home, the funeral director can help you to choose suitable funeral clothes. This may be a favorite outfit of the deceased.

4. Choose a Casket or Urn
   Check with the NSHC Medical Social Worker to see if one is available in Nome. The casket is one of the single most expensive items involved in the whole funeral process, but prices do vary. Hardwood caskets like Mahogany can be quite expensive, although cheaper softwood options are available.    You need to decide whether the casket will be open or closed. Some clergy insist that the casket is closed before the memorial service, so if you want it open you need to specify that and see whether it will be possible.

6. Obituary
   Gather with family members to create the obituary together.

What To Do After The Funeral

After a funeral, there are still a few things you may need to do. Please see the list below of potential things you may need to follow up on:

1. Death Certificate
   It is a good idea to get a few copies of this from your funeral director or the Alaska Bureau of Vital Statistics (BVS). The first copy is $30 and each additional is $25. The fee to expedite the order is $11. Contact BVS for actual costs, as these charges may change.

2. U.S. Social Security Administration
   Your local SSA office will need to be contacted, particularly if your loved one was receiving Social Security Benefits. Any overpayments made at this time may result in having to pay back those payments later. If you are the surviving spouse, they will be able to tell you how your spouse’s death will affect your own Social Security Benefits.

3. Health Insurance Company
   If applicable, your health insurance company will need to know that your loved one has passed away and that coverage is no longer required.

4. Life Insurance Company
   You will need to contact the insurance company about all Life Insurance Policies. They will need to see an original copy of the death certificate and the policy number, and you’ll also need to fill out a claim form. Also, remember to remove your loved ones’ names from any other policy on which they are a named beneficiary.

5. Work Place
   If your loved one was employed, you’ll need to contact the employer and ask them about the information on pension plans, union death benefits, and credit unions. Each of these claims will also need an original copy of the death certificate.

6. Credit Cards
   You should immediately notify all credit card companies that your loved one has passed. You should also notify all three Credit Reporting Bureaus (TransUnion, Equifax, and Experian), in order to prevent identity theft.
7. Accounts and Taxes
You will need to fill out a tax return for your loved one in the year of the death. Keep a record of bank statements etc., on both the accounts held by your loved one and any joint accounts that were shared. You may wish to consult with a tax advisor or accountant.

8. Bank Accounts
Arrange for any joint bank accounts to be amended to your name only. You may need to check with the Trust Department if the estate of your loved one is held in trust.

9. Stocks and Bonds
Stocks and bonds should be changed in name, if applicable. Speak to your broker.

10. Pay Bills
Don't forget to keep up the payments on important bills, mortgages, loans, etc.

11. Inheritance
Check to make sure your loved one had a property will. If not stored in the home, contact Kawerak or the Alaska Court System to see if they have it on file.

- If there is no will on file, your next step depends on their number of assets. If they had a lot of assets, you will need to contact the state to have an executor of the estate appointed.

- If they didn't have many assets, you may be able to fill out an "Affidavit for Collection of Personal Property of the Decedent". Court form: P-110

12. Native Allotments
Please contact your tribe concerning inheritance of any Native Allotments.

Grief Reactions

Experiencing the loss of someone you love is never easy, whether it is sudden or expected. It is a painful experience and everyone goes through the process differently. Below you will find a list of common emotions one might experience during the grieving process known as the five stages of grief:

Denial
Our initial reaction when one passes away results is shock and denial. You may have a hard time accepting that your loved one has passed away. It is common during this stage of grief to feel numb, overwhelmed, and lost.

Anger
Anger is a natural response when a loved one passes away. This intense emotion may cause emotional outbursts, placing blame on others, and questioning why your loved one has passed. Allow yourself to feel angry as this is an understandable emotion of grieving.

Bargaining
In this stage, you may begin to ask yourself "what if" statements. These statements are what you ask yourself about what you could have done to have an effect on the outcome. It is common during this stage to feel confused and guilty.

Depression
Once the reality of your loved one has passed, you may begin to feel intense sadness. During this stage, it is common to withdraw from life, have trouble getting out of bed, and to struggle to get through the day.

Acceptance
The final stage of the grieving process is accepting that your loved one has passed. You may begin to accept your new reality of life, resulting in engaging with friends and feeling a sense of normalness.
Individual Process
The grieving process varies among individuals and there's a wide range of reactions that may occur outside the five stages of grief. Other reactions may include:

CEMETERY SERVICES

The City of Nome understands what a difficult time this can be for families, and we extend our most sincere condolences. We are here to ensure that the interment of Nome’s loved ones is completed safely, with the utmost respect, and our warmest regards.

Services are available for those who wish Nome to be their final resting place. Our goal is to make the interment process simple and practical, while taking the family’s wishes into consideration whenever possible. This burial packet is designed to guide you through the process of having a loved one buried at the Nome Municipal Cemetery. A resource list has been attached for information on funeral homes, casket options, cremation services, financial assistance, and State of Alaska requirements.

Burial Options
Grave openings and closings are performed by City of Nome Public Works staff. For traditional burials, caskets may be available for purchase at Norton Sound Health Corporation. For information, please contact Social Services at 907-443-3311. For information about urns or different casket options, please see the attached list of resources on the final page of this packet. Homemade caskets or coffins are welcome at the Nome Municipal Cemetery as well. A “green burial” or “natural burial” is an option for those who wish their loved one to be placed in the ground without a traditional casket. This is sometimes desirable for financial reasons, and also enables a body to decompose at a natural rate. Please note that a solid resting base and a sufficient shroud is required for a burial of this nature.

Plot Location
A burial plot may be selected by the family, but please note that the location must be approved by the Cemetery Manager. We are more than happy to look up burial locations for family members or friends of the deceased at the family’s request.

Headstones
The City of Nome is available to assist with the placement of grave markers or headstones if needed. If a headstone is not provided by the family of the deceased, the City will provide an unmarked wooden grave marker. These are meant to be temporary markers until a permanent one is placed by the family.

Grave Maintenance
The City of Nome is responsible for landscaping and maintenance of the Cemetery grounds, but we invite and encourage you to plant flowers or other grave decorations as often as you wish. The City of Nome will make efforts to leave non-natural grave decorations in place; however items may be removed to prevent environmental hazards.
Costs
Payment is required at the time a burial permit is issued. Please note that burials scheduled on weekends or holidays are subject to fees in addition to those listed below. Financial assistance may be available through local tribal organizations, or the AK State Public Assistance Office may be contacted at 907-443-2237. See the resource page in this packet for more information. A burial packet includes the following:

- Burial permit for the deceased
- Burial plot of your choosing within the Nome Municipal Cemetery
- Space in the morgue for those awaiting burial
- Grave opening and closing (available May 15-Oct 15)
- Temporary grave marker or placement of a headstone

Burial Cost:

- Standard/Adult: $500
- Child: $250
- Cremains: $125

USE OF MORGUE FACILITY

Use of the NSHC morgue is available to prepare bodies for burial. Please contact Social Services at 907-443-3311 for more information. Use of the City morgue is available to those who require special circumstances. A cleaning deposit of $100 is required, and will be refunded upon approval of inspection.

Please join us in preserving the memory and dignity of those resting at the Nome Municipal Cemetery, by observing the policies and guidelines below:

- All items brought into the facilities must be removed or properly disposed of. This includes casket packing material, clothing, disposable gloves, bags, etc.
- Spill and stain removal is your responsibility. Liquids or other debris must be properly cleaned and disposed of immediately.
- Furniture, equipment, and cleaning supplies may not be removed from the facility. Disposable gloves and cleaning supplies may be available for use.
- Please clean all areas immediately after use, and leave the facility in the same condition that it was in upon your arrival.

Use of tobacco is permitted on the grounds, but is prohibited inside the morgue. Please dispose of spent cigarettes or other tobacco products in an appropriate waste receptacle. Alcoholic beverages are not permitted in the facility or on the grounds.

Q. Why is the State Medical Examiner's Office involved?

Alaska State law requires the State Medical Examiner to investigate the circumstances and determine the cause and manner of death in all deaths that are:

- Sudden, when a person is in apparent good health.
- Not under the care of a physician.
- Suspicious, unusual or unexplained.
- All deaths that are not due to a natural cause (accidents, homicides, suicides etc.)

Back to Top

Q. Where will my relative/friend be taken?

The deceased will be taken to the State Medical Examiner's Office, 5455 Dr. Martin Luther King Jr. Ave, Anchorage, Alaska. They will remain there until examination of the body is complete. Upon completion, the deceased will be held by the State Medical Examiner's Office until a signed Release Authorization is received from the next-of-kin. Investigation may continue after the release. If the next-of-kin fails to complete a release authorization within 10 days then the body will be released to a funeral home on rotation and handled as an unclaimed remain.

Back to Top

Q. Will an autopsy be performed?

When a body is brought into the State Medical Examiner's Office, either an external examination or an autopsy will be performed. An autopsy is a medical examination that includes removal of the internal organs; an external examination is a medical examination that does not include removal of the organs. Both autopsies and external examinations are routinely performed to determine the cause and manner of death. Final determination of the level of examination is determined by the assigned pathologist.

Back to Top

Q. Can I refuse an autopsy?

The next-of-kin has the right to make their wishes known and every consideration will be given to religious and cultural concerns; however, the final determination as to whether or not an autopsy is to be performed rests with the State Medical Examiner's Office.
**Q. Will I still be able to have an open casket service if an autopsy is performed?**

Yes - autopsies are performed in a professional manner that does not interfere with the viewing of the deceased.

**Q. Do I have to pay for an autopsy?**

No - there is no charge to families for an autopsy or transportation to Anchorage and return to the community nearest the place of death. If a family chooses to use a funeral home or have the body transported to a location other than the place of death there may be charges for the additional costs of transportation or services provided by a funeral home.

**Q. Am I required to use a funeral home?**

There is no legal requirement for the use of a funeral home. The State Medical Examiner’s Office (SMEO) does not embalm or provide other funeral home services. At the direction of the next of kin, the SMEO can release remains directly to the family or to a funeral home. Funeral homes are often able to make the body more presentable and therefore help prevent additional trauma to the family. The SMEO pays for remains to be shipped back to the community nearest death. If a request is made to ship remains to a different community, and there are additional costs, the family would be responsible for the additional cost.

**Q. What is a Burial Transit Permit and how do I obtain one?**

A Burial Transit Permit is required to transport human remains. If the next of kin chooses to designate someone other than a funeral home to pick up the remains, a Burial Transit Permit will be issued thru the Medical Examiner’s Office at the time the remains are picked up. There is no charge for a Burial Transit Permit.

**Q. Who pays for funeral services (embalming, casket, etc.)?**

The family is responsible for all costs associated with a funeral and preparing the body for burial and or viewing, including embalming. The State Medical Examiner’s Office is only responsible to pay for transportation to Anchorage for examination and return to the community nearest the place of death. The Division of Public Assistance (907-269-6599) may be able to assist with other expenses if the decedent qualifies.

**Q. Who contacts the funeral home?**

The family or legal representative is responsible to select and contact the funeral home. Once you have selected a funeral home, please let them know that the body is under the jurisdiction of the State Medical Examiner’s Office. They can assist you in completing a Release Authorization authorizing the State Medical Examiner’s Office to release the deceased to the selected funeral home. You may also obtain the release form on the State Medical Examiner’s web site, or it can be emailed or faxed directly to you if you call (907)334-2200. Once a completed release form is received, the Medical Examiner’s Office will contact the funeral home when the body is ready for release.

**Q. How long will it take before the deceased is released from the Medical Examiner’s Office?**

The State Medical Examiner’s Office attempts to release the deceased as soon as possible after the examination is complete. This usually occurs the same day or next day after completion of the examination as long as a Release Authorization has been received. In cases where a funeral home is not being used, and the remains are being shipped by common carrier, every attempt is made to have shipping arrangements made as quickly as possible, however, this is dependent on the airline’s schedule.

**Q. Is it necessary for me to come to the Medical Examiner’s Office to view the body?**

https://health.alaska.gov/dph/medical/Examiner/Pages/faqs.aspx
No - in the majority of cases, visual identification is not required. If visual identification is required, you will be notified by the State Medical Examiner's Office.

Back to Top

Q. Is viewing or visitation allowed while the body is under the State Medical Examiner's jurisdiction?

No - The State Medical Examiner's Office is not designed to handle visitation. Arrangements for viewing can be made with your funeral home, if selected.

Back to Top

Q. Can a State Medical Examiner's case still be an organ or tissue donor?

Yes - The State Medical Examiner's Office works closely with local tissue and organ procurement agencies. The Medical Examiner determines the appropriateness of the organ/tissue recovery and can deny the request, but every effort is made to allow for donation.

Back to Top

Q. How do I obtain a certified copy of the death certificate?

The State Medical Examiner's Office does not issue copies of the death certificate. If using a funeral home, copies can be requested from the funeral home when arrangements are made. Additionally, copies can be obtained from Bureau of Vital Statistics (907-465-3391).

Back to Top

Q. When will the autopsy report be ready and how do I obtain a copy?

Autopsy reports are available to the next-of-kin upon written request as soon as the case is closed. This may take anywhere from a few days to a few weeks but on rare occasions more complicated cases or cases requiring additional testing can take longer. Please submit your request in writing using the State Medical Examiner’s Office “Document Request” form available on the State Medical Examiner’s web page or by calling 907-334-2200 for a faxed or mailed copy of the form. A legible copy of photo identification must be received with the completed form for the request to be processed.

Authorization for Release of Remains

There is no legal requirement for the use of a funeral home or embalming. The State Medical Examiner’s Office (SMEO) does not embalm or provide other funeral home services. At the direction of the next of kin, the SMEO can release remains directly to the family or to a funeral home. Funeral homes are often able to make the body more presentable and therefore help prevent additional trauma to the family. Because the SMEO assumed jurisdiction to determine the cause and manner of death, the SMEO will pay for the remains to be shipped back to the community nearest death. If a request is made to ship remains to a different community, and there are additional costs, the family will be responsible for the additional cost.

In the matter of ____________________________, a deceased individual:

I, we, the legal next of kin, or authorized agent of the next of kin, do hereby authorize the State Medical Examiner’s Office (SMEO), to release the remains of the aforementioned decedent to:

Name of person receiving the remains from airport or SMEO: __________________________________________

Address of person receiving the remains: __________________________________________________________

Contact phone # of person receiving the remains: __________________________________________________

(Only cost to the family for this option is any additional transport cost if requesting remains to be shipped to a different community other than the community nearest death.)

OR

I, we, the legal next of kin, or authorized agent of the next of kin, do hereby authorize the State Medical Examiner’s Office (SMEO), to release the remains of the aforementioned decedent to:

Funeral Home: _______________________________________________________

Funeral Home Phone #: ______________________________________________

(Costs to the family may include selected funeral home services such as casketing, embalming, body preparation, transport, etc.)

The undersigned assumes any liability for the release of these remains as directed.

Signature: __________________________________________________________

Legal Next of Kin  Relationship: ________________________________

Print Name: _______________________________________________________

_____________________________  ________________________________

Date: ________________________  Witness: __________________________
If the legal next of kin elects not to use a funeral home and to pick the remains up from our office in Anchorage or have the remains shipped directly to a community:

- The State Medical Examiner's Office (SMEO) will pay to transport the remains to the community nearest the location of death via common carrier (airlines).
- If the next of kin requests the remains to be shipped to a location other than the location of death, the family is responsible for any additional transportation costs incurred as a result.
- If the next of kin chooses to designate someone other than a funeral home to receive the remains, a Burial Transit Permit will be issued thru the Medical Examiner's Office at the time the remains are received. There is no charge or wait time for a Burial Transit Permit.
- The SMEO does not provide any embalming, dressing, casketing, or cosmetizing of the remains before transportation. The SMEO will provide for cosmetic services to make the head, face, neck and hands of the deceased presentable if those parts are disfigured by the SMEO examination.
- The remains will be transported back to the location of death in an approved airline shipping container, provided at no cost by our office. This container is constructed of plywood with a corrugated cardboard top. These containers are disposable and do not need to be returned.
- Transportation of the remains will be dependent upon the schedule of the SMEO and accommodating airlines.
- If the next of kin or designated individual is receiving the remains from our office, they need to call ahead to schedule an appointment. You may contact the office at our main phone number, (907) 334-2200, between 7:30 AM and 4:30 PM Monday thru Friday. If the next of kin chooses to transport privately, they will incur the transportation costs as a result.

If the legal next of kin selects a funeral home for embalming, dressing, casketing or cremation:

- The State Medical Examiner's Office (SMEO) will pay to transport the remains from Anchorage to the community nearest the location of death via common carrier (airlines).
- If the next of kin requests the remains to be shipped to a location other than the location of death, the family is responsible for any additional transportation costs incurred as a result.
- If the family selects a casket, the family is responsible for paying the additional transportation costs (extra weight the casket adds) of shipping the casketed remains back to the location of death.
- The required burial transit permit will be provided by the funeral home.
- The family is responsible for paying the selected funeral home for any embalming, transport or other services provided by the funeral home.
- The family is responsible for paying the funeral home for any clothing, dressing, or casketing provided by them.
- Certain funeral homes will not accept personal property. If a funeral home is selected that does not accept personal property it will be the responsibility of the next of kin to make arrangements to pick up the property at the State Medical Examiner’s Office. Property can NOT be mailed.
- Some funeral homes will not release the remains until all costs have been paid.
Shipping Information
Transporting Human Remains

We understand that dealing with loss can be overwhelming. Our priority is to make the shipping process as seamless and supportive as possible, and to bring your loved one home respectfully, safely and quickly.

We offer:

- Highest priority booking and special handling
- Airport-to-airport service
- Streamlined tracking and notifications
- A special Fallen Soldier program

Starting the Process
Transporting human remains has complex rules and requires detailed planning. For this reason, customers must work with their preferred funeral home or medical institution (such as a hospital or nursing home) who is authorized to ship human remains and is familiar with all the associated intricacies of the process.

Requirements for Transporting Human Remains

- Human remains must be accompanied by a death certificate signed by a physician or health care officer, or a burial removal permit and/or transit permit, as required by law. Please contact the state officials at your origin and destination for full details on all regulations and document requirements. Your funeral director will ensure you have the necessary paperwork.
- Human remains must be adequately secured in a tightly closed, leak proof container.
- The container must be enclosed in an outside shipping container of wood, metal, canvas, plastic or paperboard construction, with enough strength and padding to protect the container from damage.
- If the container weighs more than 400 pounds, it must have at least six handles.
- The container must not exceed the cargo size limits of the aircraft being used for shipment.
Qualified funeral directors are familiar with all the regulations on this page and will work with us to ensure compliance.

Transporting Cremated Remains
Cremated remains traveling as cargo are subject to the same minimum requirements listed above. Optionally, customers on Alaska Airlines passenger flights may bring cremated human remains on board as carry-on or checked baggage. Please visit the TSA website to learn about its security screening requirements.

Fallen Soldier Program
When we have the honor of transporting a service member who has made the ultimate sacrifice, Alaska Air Cargo's Fallen Soldier program ensures that proper protocols are followed, including special arrangements for military escorts. Alaska Airlines has special carts at our flight locations. With blue paint, red carpet and a retractable American flag curtain, these special carts include plaques representing the Army, Navy, Air Force, Marines and Coast Guard. We make them available for any airline to use when transporting soldiers' remains.

More info on our Fallen Soldier Program can be found here.

We cannot accept shipments of human remains outside of the United States.

Your Rights and Responsibilities

What if I disagree with a decision made?

You have the right to discuss any action taken on your application or case with a caseworker or supervisor. If you think the Division of Public Assistance or Federally Facilitated Marketplace has made a mistake on your health insurance determination or the Division of Public Assistance has made a mistake on your benefits determination, you can appeal its decision. To appeal means to tell someone at the Division of Public Assistance or the Federally Facilitated Marketplace that you think the action is wrong, and ask for a fair hearing review of the action. The request for Supplemental Nutrition Assistance Program (SNAP) and Medicaid must be made within 90 days from the effective date of the action. Fair hearing requests for all other programs must be made within 30 days from the date of the notice. If requested, the Division will assist you in making a hearing request. If your disagreement has to do with medical billing or services, contact the Medicaid Recipient Information Helpline at 1-800-780-5972.

If you request a fair hearing before the effective date of the action, you may continue to receive benefits until a hearing decision is made. If you do not request a fair hearing before the effective date of the action, you can still appeal, but benefits will not be continued. You can always re-apply for benefits while waiting for a hearing. At the hearing, you may represent yourself or be represented by a legal representative. You may qualify for free legal advice and representation by contacting the Alaska Legal Services Corporation at (907) 272-9431 or 1-888-478-2572.

My right to appeal

I know that I can find out how to appeal by contacting the Division of Public Assistance or the Marketplace at 1-800-318-2596. I know that I can be represented in the process by someone other than myself. My eligibility and other important information will be explained to me.

When do I need to report changes?

You must report changes in your household within 10 days of when you know of the change. If you receive Alaska Temporary Assistance and a child leaves your home, you must report this within 5 days.

What changes do I need to report?

If you receive Health Insurance Benefits authorized by the Federally Facilitated Marketplace or Public Assistance Medicaid, you must report any and all changes to information provided in this application, including changes in your medical insurance.

If you receive Supplemental Nutrition Assistance Program and you do not receive benefits from any other program, you must report when your household's total gross income goes over the income limit for your household size and if someone in your household has lottery or gambling winnings of $3,500 or more in a single game. If your household contains a member subject to the ABAWD time limits, you must report when their work hours fall below 20 hours per week.

If you receive public assistance services, the changes you must report include, but are not limited to the following:

- Starting or stopping a job, change in wage rate, change from part-time to full-time, or full-time to part-time
- When money you receive from sources other than working changes by more than $50
- Someone moves into or out of your home
- You move or get a new mailing address
- Your household gets a vehicle
- Your household has more than $2250 total in cash and money in bank
- Changes in your child support payment or obligation
- Changes in your medical insurance if you or anyone in your household gets Medicaid
- Pregnancy changes

Will I need to work?

To receive Alaska Temporary Assistance or Supplemental Nutrition Assistance Program, you may have to participate in work activities. Alaska Temporary Assistance participants must prepare a Family Self-Sufficiency Plan for becoming financially independent. You must participate in approved work activities unless you qualify for an exemption. If you are an unmarried minor parent, to receive Alaska Temporary Assistance you must live with a parent or in another approved living arrangement and attend school or training. If you do not fulfill these work requirements or minor parent requirements, your benefits may be reduced or ended.
What happens with my Child Support?

Alaska must collect child support and medical support from any parent who has the duty to pay support for a child receiving Alaska Temporary Assistance or Medicaid. This includes any money owed to you at the time you apply, as well as current and future child support payments. Any child support payments given or paid to you while receiving Alaska Temporary Assistance benefits must be reported and turned over to the State immediately. To change a child support order, you must obtain a new court order or get permission from the Child Support Services Division (CSSD). If you believe you have a good reason not to cooperate with CSSD for these programs, you must tell your caseworker immediately. You may be asked to provide information to support your reason.

When you apply for Alaska Temporary Assistance you must:

- Sign over to CSSD your right to receive and keep child support payments due to you or a child on Alaska Temporary Assistance.
- Cooperate with CSSD in establishing paternity.
- Agree not to make purchases with or to access the cash benefits on your EBT card at ATMs that are located in bars, liquor stores, gambling or adult entertainment establishments.

When you apply for Medicaid you must:

- Assign to the State of Alaska all rights to any medical support or other third party payments to the extent the department has paid medical assistance for care and services for you or your minor children.
- Cooperate with and assist the department in identifying and providing information concerning third parties who may be liable to pay for care and services received for you or your minor children.
- Agree to apply for all other available third-party resources that may be used to provide or pay for the cost of care or services received by you or your minor children or that may be used to reimburse the state for the cost of care or services received.
- Cooperate with CSSD in establishing paternity.
- If applying for long-term care services, including Home and Community Based Waiver services, assign to the State of Alaska as a remainder beneficiary, or as the second remainder beneficiary after your spouse or minor or disabled child, for any interest that you may have in an annuity up to the amount of Medicaid benefits received.

Can the State of Alaska take my estate?

The estate of an individual age 65 years of age or older who received Medicaid benefits may be subject to a claim for recovery. This is limited to the reimbursement of services received while the recipient was in a medical institution, including a nursing home or other medical institution, or was receiving home- and community-based services. Under limited conditions, the State of Alaska may place a lien on a recipient's home. However, most estate recovery is conducted after the death of the recipient or the recipient's surviving spouse, if any, and only at a time when the recipient has no surviving child under age 21 and no surviving child who is blind or disabled.

Responsibility for Overpayment

If you receive an overpayment of Public Assistance benefits or receive services to which you are not entitled, you may be financially responsible for repaying the overpayment or cost of services to the State of Alaska. This may be true even if the overpayment or improper authorization of services is due to an error on the part of the Department of Health. By accepting benefits or services, you must understand and agree that you may have responsibility for the repayment of benefits or services to which you were not entitled.

How are my rights protected?

The Division of Public Assistance will collect information, including the Social Security number (SSN) of each household member who is applying for Supplemental Nutrition Assistance Program, Alaska Temporary Assistance, or Medicaid, to determine eligibility for public assistance benefits. The Division will verify this information through computer matching programs, including the Income and Earnings Verification System (IEVS). This information will be used to monitor compliance with program regulations and for program management. The Division may disclose this information to other Federal and State agencies for official examination, to law enforcement officials for the purpose of apprehending persons fleeing to avoid the law, and to private claims collection agencies for claims collection action. The Division may verify immigrant status of household members by contacting the U.S. Citizenship and Immigration Services (USCIS). Information obtained from these agencies may affect your eligibility and level of benefits.

Providing the requested information, including the SSN of each household member for whom you are seeking benefits, is voluntary. However, failure to provide this information will result in the denial of benefits to each individual failing to provide an SSN. Any SSN provided will be used and disclosed in the same manner, regardless of the eligibility of the individual. The Division of Public Assistance can assist you in applying for a Social Security Number if you are seeking benefits and do not have one.

When you sign the application for assistance and use Medicaid or Chronic & Acute Medical Assistance, you consent to release medical records and information about yourself and any other person you are applying for to the Department of Health (DOH). Upon request, any person who has medical records and information or the custody of such records shall release those records to the Department or a representative of the department.
Health or medical information DOH may have about you is protected under the Health Insurance Portability and Accountability Act (HIPAA) of 1996. This federal law provides you with certain rights about how your health information is used and disclosed. The law allows you to find out how DOH used your health information, and how DOH has disclosed your health information outside of DOH. The law also limits the release of information about you to the minimum amount necessary for the purpose of the disclosure and allows you to examine and obtain a copy of your own health records and to request corrections to those records.

You can get an electronic copy of the Notice of Privacy Practices at https://health.alaska.gov/fms/Documents/DOH-Notice-of-PrivacyPractices.pdf or you can request a printed copy by emailing: privacyofficial@alaska.gov or by writing: State of Alaska, DOH Privacy Official, P.O. Box 110650, Juneau, Alaska 99811-0650.

In accordance with federal civil rights laws and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex (including gender identity and sexual orientation), religious creed, disability, age, political beliefs, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA. Programs that receive federal financial assistance from the U.S. Department of Health and Human Services (HHS), such as Temporary Assistance for Needy Families (TANF), and programs HHS directly operates are also prohibited from discrimination under federal civil rights laws and HHS regulations.

USDA provides federal financial assistance for many food security and hunger reduction programs such as the Supplemental Nutrition Assistance Program (SNAP), the Food Distribution Program on Indian Reservations (FDIPR) and others. To file a program complaint of discrimination, complete the Program Discrimination Complaint Form (AD-3027) (found online at: How to File a Complaint, and at any USDA office) or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

1. mail: Food and Nutrition Service, USDA
   1320 Braddock Place, Room 334, Alexandria, VA 22314; or
2. fax: (833) 256-1665 or (202) 690-7432; or
3. phone: (833) 620-1071; or
4. email: FNSCIVILRIGHTSCOMPLAINTS@usda.gov.

For any other information regarding SNAP issues, persons should either contact the USDA SNAP hotline number at (800) 221-5689, which is also in Spanish, or call the state information/hotline numbers (click the link for a listing of hotline numbers by state); found online at: SNAP hotline.

HHS provides federal financial assistance for many programs to enhance health and well-being, including TANF, Head Start, the Low Income Home Energy Assistance Program (LIHEAP), and others. If you believe that you have been discriminated against because of your race, color, national origin, disability, age, sex (including pregnancy, sexual orientation, and gender identity), or religion in programs or activities that HHS directly operates or to which HHS provides federal financial assistance, you may file a complaint with the Office for Civil Rights (OCR) for yourself or for someone else.

To file a complaint of discrimination for yourself or someone else regarding a program receiving federal financial assistance through HHS, complete the form on line through OCR’s Complaint Portal at https://ocrportal.hhs.gov/ocr. You may also contact OCR via mail at: Centralized Case Management Operations, U.S. Department of Health and Human Services, 200 Independence Avenue, S.W., Room 509F HH3 Bldg., Washington, D.C. 20201; fax: (202) 619-3816; or email: OCRmail@hhs.gov. For faster processing, we encourage you to use the OCR online portal to file complaints rather than filing via mail. Persons who need assistance with filing a civil rights complaint can email OCR at OCRmail@hhs.gov or call OCR toll-free at 1-800-368-1019, TDD 1-800-537-7597. For persons who are deaf, hard of hearing, or have speech difficulties, please dial 7-1-1 to access telecommunications relay services. We also provide alternative formats (such as Braille and large print), auxiliary aids and language assistance services free of charge for filing a complaint. This institution is an equal opportunity provider.

Additionally, information obtained from this release may be used by the Department of Health in administrative proceedings against you, and/or by the Department of Law in criminal proceedings against you.
What happens if I do not follow the rules?

CHILDSUPPORT COOPERATION AND ASSIGNMENT OF SUPPORT

You are required by law to help get child support for a child receiving Temporary Assistance (ATAP/TANF) payments or medical support for a child receiving medical assistance (Medicaid). This means you must help locate a non-custodial parent or establish paternity for a child with no legal father. You must sign over to the State agency any child/spousal support or medical support owed to you for any month you receive assistance. If the non-custodial parent pays support payments to you while you are receiving Temporary Assistance, you must turn the payments over to Child Support Services Division (CSSD). You must do this even if no support order in effect.

□ If CSSD sends a payment to you in error, they will contact you for repayment of that money. If you want to repay gradually out of future child support payments, instead of immediately in a lump sum, check this box.

SUPPLYING INFORMATION TO CSSD – CONFIDENTIALITY AND SAFETY

If you believe that cooperating with CSSD to get child or medical support will bring harm to you or your children and you can provide support for your belief, you may claim good cause for not cooperating. You may be asked by a Public Assistance caseworker to provide documentation to support your good cause claim. It is up to the caseworker to decide if you have good cause for not cooperating. CSSD will continue to pursue child or medical support against the non-custodial parent, even if you DO NOT cooperate, unless the Division of Public Assistance approves good cause. Please check one of the boxes and sign below.

□ I agree to cooperate with CSSD.

□ I agree to cooperate with CSSD but I want my address kept confidential.

□ I believe I have good cause to not cooperate with CSSD.

Burial Assistance Application

The Kawerak Burial Assistance (BA) Program is an income based, last resort assistance program for residents of the Bering Strait Region. BA offers basic Bureau of Indian Affairs (BIA) funeral and burial assistance. These services (up to a maximum of $2,500) can include the cost of the casket and freight. However, embalming and additional funeral home fees and not covered under this program. If the casket and cross are going to be made, supplies may be purchased in your local community with Kawerak Welfare Assistance Department staff approval. Funding for a funeral feast (up to a maximum of $400.00) can also be provided if there is left over funding after the casket and freight expenses have been paid.

Eligibility Criteria

Eligibility is based on the tribal enrollment, residency and resources of the deceased person. If the deceased person was married, the spouse’s resources are also considered.

☐ Applicants must provide proof that the deceased met the Tribal Enrollment and Residency Requirements listed below.

☐ Applicants must provide proof that the deceased had an unmet need and little to no resources.

☐ Applicants must first apply for the State of Alaska General Relief Assistance (GRA) Program through the State of Alaska, Public Assistance Office.

Tribal Enrollment and Residency

1. Applicants applying on behalf of deceased Tribal members of Nome Eskimo Community and federally recognized Tribes that are located outside of the Bering Strait Region, who resided in Nome, must apply for Burial Assistance through Nome Eskimo Community (NEC) per Section 4 of NEC’s Tribal Redesign Plan.

2. Applicants applying on behalf of Tribal members of federally recognized Tribes who resided in Unalakleet must apply for Burial Assistance through the Unalakleet IRA Office.

3. Applicants applying on behalf of all other Tribal members residing in Nome and other communities in the Bering Strait Region must apply for Burial Assistance through Kawerak.

*If applicants are already receiving similar burial assistance through any other resource, or burial expenses were already paid for, the deceased will not qualify for Kawerak Burial Assistance.

Application Checklist

The following documents or information are required in order to complete this application:

☐ Complete a State of Alaska Application for Services. Mark General Relief Assistance (GRA) and “burial expenses”. Then fax it to 1-888-269-6520. You can also email it to hss.dpa.offices@alaska.gov, or drop it off to the Nome State Public Assistance Office at 214 East Front Street. Please call them at 443-2236 to confirm they received the application if you do not drop it off in person.

☐ Complete the Kawerak Burial Assistance Application and attach the documents listed in this checklist. Then fax, email, or drop it off to us at 110 East Front Street, Suites 201 and 202. Kawerak staff will then contact the State and verify that a burial application was turned in and what decision has been made on that application. If the State of Alaska will be assisting, Kawerak will be unable to assist. Kawerak must wait for the State's determination before we can process this application in accordance with the Code of Federal Regulations (CFR) Title 25, Chapter 1, § 20.324.

☐ Provide a copy of the Tribal Enrollment of the deceased and proof of residency.

☐ Provide a death certificate, or note from a health provider/hospital, funeral home, or law enforcement confirming the loss.

☐ Provide a report of all available income for the deceased and the deceased’s spouse (if applicable). Please include copies of any available bank, or credit union statements and any cash on hand.

☐ Verify that you have applied for other assistance on behalf of the deceased.
Once a BA Program application has been submitted, the family will be notified of eligibility determination, and if approved, a subsequent vendor payment to the mortuary/funeral home will be made. The family is responsible for taking care of all arrangements with the mortuary/funeral home and with the State Medical Examiner’s office (if applicable).

§ 453.2 Price disclosures.

(a) Unfair or deceptive acts or practices. In selling or offering to sell funeral goods or funeral services to the public, it is an unfair or deceptive act or practice for a funeral provider to fail to furnish accurate price information disclosing the cost to the purchaser for each of the specific funeral goods and funeral services used in connection with the disposition of deceased human bodies, including at least the price of embalming, transportation of remains, use of facilities, caskets, outer burial containers, immediate burials, or direct cremations, to persons inquiring about the purchase of funerals. Any funeral provider who complies with the preventive requirements in paragraph (b) of this section is not engaged in the unfair or deceptive acts or practices defined here.

(b) Preventive requirements. To prevent these unfair or deceptive acts or practices, as well as the unfair or deceptive acts or practices defined in § 453.4(b)(1), funeral providers must:
(1) **Telephone price disclosure.** Tell persons who ask by telephone about the funeral provider's offerings or prices any accurate information from the price lists described in paragraphs (b)(2) through (4) of this section and any other readily available information that reasonably answers the question.

(2) **Casket price list.**

(i) Give a printed or typewritten price list to people who inquire in person about the offerings or prices of caskets or alternative containers. The funeral provider must offer the list upon beginning discussion of, but in any event before showing caskets. The list must contain at least the retail prices of all caskets and alternative containers offered which do not require special ordering, enough information to identify each, and the effective date for the price list. In lieu of a written list, other formats, such as notebooks, brochures, or charts may be used if they contain the same information as would the printed or typewritten list, and display it in a clear and conspicuous manner. Provided, however, that funeral providers do not have to make a casket price list available if the funeral providers place on the general price list, specified in paragraph (b)(4) of this section, the information required by this paragraph.

(ii) Place on the list, however produced, the name of the funeral provider's place of business and a caption describing the list as a "casket price list."

(3) **Outer burial container price list.**

(i) Give a printed or typewritten price list to persons who inquire in person about outer burial container offerings or prices. The funeral provider must offer the list upon beginning discussion of, but in any event before showing the containers. The list must contain at least the retail prices of all outer burial containers offered which do not require special ordering, enough information to identify each container, and the effective date for the prices listed. In lieu of a written list, the funeral provider may use other formats, such as notebooks, brochures, or charts, if they contain the same information as the printed or typewritten list, and display it in a clear and conspicuous manner. Provided, however, that funeral providers do not have to make an outer burial container price list available if the funeral providers place on the general price list, specified in paragraph (b)(4) of this section, the information required by this paragraph.

(ii) Place on the list, however produced, the name of the funeral provider's place of business and a caption describing the list as an "outer burial container price list."

(4) **General price list.**

(i) Give a printed or typewritten price list for retention to persons who inquire in person about the funeral goods, funeral services or prices of funeral goods or services offered by the funeral provider. The funeral provider must give the list upon beginning discussion of any of the following:

(1) The prices of funeral goods or funeral services;

(2) The overall type of funeral service or disposition; or

(3) Specific funeral goods or funeral services offered by the funeral provider.

(B) The requirement in paragraph (b)(4)(i)(A) of this section applies whether the discussion takes place in the funeral home or elsewhere. Provided, however, that when the deceased is removed for transportation to the funeral home, an in-person request at that time for
authorization to embalm, required by § 453.5(a)(2), does not, by itself, trigger the requirement to offer the general price list if the provider in seeking prior embalming approval discloses that embalming is not required by law except in certain special cases, if any. Any other discussion during that time about prices or the selection of funeral goods or services triggers the requirement under paragraph (b)(4)(i)(A) of this section to give consumers a general price list.

(C) The list required in paragraph (b)(4)(i)(A) of this section must contain at least the following information:

1. The name, address, and telephone number of the funeral provider’s place of business;
2. A caption describing the list as a “general price list”; and
3. The effective date for the price list;

(ii) Include on the price list, in any order, the retail prices (expressed either as the flat fee, or as the price per hour, mile or other unit of computation) and the other information specified below for at least each of the following items, if offered for sale:

A. Forwarding of remains to another funeral home, together with a list of the services provided for any quoted price;

B. Receiving remains from another funeral home, together with a list of the services provided for any quoted price;

C. The price range for the direct cremations offered by the funeral provider, together with:

1. A separate price for a direct cremation where the purchaser provides the container;
2. Separate prices for each direct cremation offered including an alternative container; and
3. A description of the services and container (where applicable), included in each price;

D. The price range for the immediate burials offered by the funeral provider, together with:

1. A separate price for an immediate burial where the purchaser provides the casket;
2. Separate prices for each immediate burial offered including a casket or alternative container; and
3. A description of the services and container (where applicable) included in that price;

E. Transfer of remains to funeral home;

F. Embalming;

G. Other preparation of the body;

H. Use of facilities and staff for viewing;

I. Use of facilities and staff for funeral ceremony;

J. Use of facilities and staff for memorial service;

K. Use of equipment and staff for graveside service;

L. Hearse; and
(M) Limousine.

(iii) Include on the price list, in any order, the following information:

(A) Either of the following:

(1) The price range for the caskets offered by the funeral provider, together with the statement: “A complete price list will be provided at the funeral home.”; or

(2) The prices of individual caskets, disclosed in the manner specified by paragraph (b)(2)(i) of this section; and

(B) Either of the following:

(1) The price range for the outer burial containers offered by the funeral provider, together with the statement: “A complete price list will be provided at the funeral home.”; or

(2) The prices of individual outer burial containers, disclosed in the manner specified by paragraph (b)(3)(i) of this section; and

(C) Either of the following:

(1) The price for the basic services of funeral director and staff, together with a list of the principal basic services provided for any quoted price and, if the charge cannot be declined by the purchaser, the statement: “This fee for our basic services will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for direct cremations, immediate burials, and forwarding or receiving remains.).” If the charge cannot be declined by the purchaser, the quoted price shall include all charges for the recovery of unallocated funeral provider overhead, and funeral providers may include in the required disclosure the phrase “and overhead” after the word “services”; or

(2) The following statement: “Please note that a fee of (specify dollar amount) for the use of our basic services is included in the price of our caskets. This same fee shall be added to the total cost of your funeral arrangements if you provide the casket. Our services include (specify).” The fee shall include all charges for the recovery of unallocated funeral provider overhead, and funeral providers may include in the required disclosure the phrase “and overhead” after the word “services.” The statement must be placed on the general price list together with the casket price range, required by paragraph (b)(4)(iii)(A)(1) of this section, or together with the prices of individual caskets, required by (b)(4)(iii)(A)(2) of this section.

(iv) The services fee permitted by § 453.2(b)(4)(iii)(C)(1) or (C)(2) is the only funeral provider fee for services, facilities or unallocated overhead permitted by this part to be non-DECLINABLE, unless otherwise required by law.

(5) Statement of funeral goods and services selected.

(i) Give an itemized written statement for retention to each person who arranges a funeral or other disposition of human remains, at the conclusion of the discussion of arrangements. The statement must list at least the following information:
(A) The funeral goods and funeral services selected by that person and the prices to be paid for each of them;

(B) Specifically itemized cash advance items. (These prices must be given to the extent then known or reasonably ascertainable. If the prices are not known or reasonably ascertainable, a good faith estimate shall be given and a written statement of the actual charges shall be provided before the final bill is paid); and

(C) The total cost of the goods and services selected.

(ii) The information required by this paragraph (b)(5) may be included on any contract, statement, or other document which the funeral provider would otherwise provide at the conclusion of discussion of arrangements.

(6) **Other pricing methods.** Funeral providers may give persons any other price information, in any other format, in addition to that required by § 453.2(b)(2), (3), and (4) so long as the statement required by § 453.2(b)(5) is given when required by the rule.

§ 453.3 Misrepresentations.

(a) **Embalming provisions** —

(1) **Deceptive acts or practices.** In selling or offering to sell funeral goods or funeral services to the public, it is a deceptive act or practice for a funeral provider to:

(i) Represent that state or local law requires that a deceased person be embalmed when such is not the case;

(ii) Fail to disclose that embalming is not required by law except in certain special cases, if any.

(2) **Preventive requirements.** To prevent these deceptive acts or practices, as well as the unfair or deceptive acts or practices defined in §§ 453.4(b)(1) and 453.5(2), funeral providers must:

(i) Not represent that a deceased person is required to be embalmed for:

(A) Direct cremation;

(B) Immediate burial; or

(C) A closed casket funeral without viewing or visitation when refrigeration is available and when state or local law does not require embalming; and

(ii) Place the following disclosure on the general price list, required by § 453.2(b)(4), in immediate conjunction with the price shown for embalming: "Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial." The phrase "except in certain special cases" need not be included in this disclosure if state or local law in the area(s) where the provider does business does not require embalming under any circumstances.

(b) **Casket for cremation provisions** —

(1) **Deceptive acts or practices.** In selling or offering to sell funeral goods or funeral services to the public, it is a deceptive act or practice for a funeral provider to:
(i) Represent that state or local law requires a casket for direct cremations;
(ii) Represent that a casket is required for direct cremations.

(2) Preventive requirements. To prevent these deceptive acts or practices, as well as the unfair or deceptive acts or practices defined in § 453.4(a)(1), funeral providers must place the following disclosure in immediate conjunction with the price range shown for direct cremations: "If you want to arrange a direct cremation, you can use an alternative container. Alternative containers encase the body and can be made of materials like fiberboard or composition materials (with or without an outside covering). The containers we provide are (specify containers)." This disclosure only has to be placed on the general price list if the funeral provider arranges direct cremations.

(c) Outer burial container provisions —

(1) Deceptive acts or practices. In selling or offering to sell funeral goods and funeral services to the public, it is a deceptive act or practice for a funeral provider to:

(i) Represent that state or local laws or regulations, or particular cemeteries, require outer burial containers when such is not the case;
(ii) Fail to disclose to persons arranging funerals that state law does not require the purchase of an outer burial container.

(2) Preventive requirement. To prevent these deceptive acts or practices, funeral providers must place the following disclosure on the outer burial container price list, required by § 453.2(b)(3)(i), or, if the prices of outer burial containers are listed on the general price list, required by § 453.2(b)(4), in immediate conjunction with those prices: "In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements." The phrase "in most areas of the country" need not be included in this disclosure if state or local law in the area(s) where the provider does business does not require a container to surround the casket in the grave.

(d) General provisions on legal and cemetery requirements —

(1) Deceptive acts or practices. In selling or offering to sell funeral goods or funeral services to the public, it is a deceptive act or practice for funeral providers to represent that federal, state, or local laws, or particular cemeteries or crematories, require the purchase of any funeral goods or funeral services when such is not the case.

(2) Preventive requirements. To prevent these deceptive acts or practices, as well as the deceptive acts or practices identified in §§ 453.3(a)(1), 453.3(b)(1), and 453.3(c)(1), funeral providers must identify and briefly describe in writing on the statement of funeral goods and services selected (required by § 453.2(b)(5)) any legal, cemetery, or crematory requirement which the funeral provider represents to persons as compelling the purchase of funeral goods or funeral services for the funeral which that person is arranging.

(e) Provisions on preservative and protective value claims. In selling or offering to sell funeral goods or funeral services to the public, it is a deceptive act or practice for a funeral provider to:

(1) Represent that funeral goods or funeral services will delay the natural decomposition of human remains for a long-term or indefinite time;
(2) Represent that funeral goods have protective features or will protect the body from gravesite substances, when such is not the case.

(f) Cash advance provisions —

(1) **Deceptive acts or practices.** In selling or offering to sell funeral goods or funeral services to the public, it is a deceptive act or practice for a funeral provider to:

   (i) Represent that the price charged for a cash advance item is the same as the cost to the funeral provider for the item when such is not the case;

   (ii) Fail to disclose to persons arranging funerals that the price being charged for a cash advance item is not the same as the cost to the funeral provider for the item when such is the case.

(2) *Preventive requirements.* To prevent these deceptive acts or practices, funeral providers must place the following sentence in the itemized statement of funeral goods and services selected, in immediate conjunction with the list of itemized cash advance items required by § 453.2(b)(5)(i)(B):

   "We charge you for our services in obtaining: (specify cash advance items)," if the funeral provider makes a charge upon, or receives and retains a rebate, commission or trade or volume discount upon a cash advance item.

§ 453.4 Required purchase of funeral goods or funeral services.

(a) Casket for cremation provisions —

(1) **Unfair or deceptive acts or practices.** In selling or offering to sell funeral goods or funeral services to the public, it is an unfair or deceptive act or practice for a funeral provider, or a crematory, to require that a casket be purchased for direct cremation.

(2) *Preventive requirement.* To prevent this unfair or deceptive act or practice, funeral providers must make an alternative container available for direct cremations, if they arrange direct cremations.

(b) Other required purchases of funeral goods or funeral services —

(1) **Unfair or deceptive acts or practices.** In selling or offering to sell funeral goods or funeral services, it is an unfair or deceptive act or practice for a funeral provider to:

   (i) Condition the furnishing of any funeral good or funeral service to a person arranging a funeral upon the purchase of any other funeral good or funeral service, except as required by law or as otherwise permitted by this part;

   (ii) Charge any fee as a condition to furnishing any funeral goods or funeral services to a person arranging a funeral, other than the fees for: (1) Services of funeral director and staff, permitted by § 453.2(b)(4)(iii)(C); (2) other funeral services and funeral goods selected by the purchaser; and (3) other funeral goods or services required to be purchased, as explained on the itemized statement in accordance with § 453.3(d)(2).

(2) *Preventive requirements.*

   (i) To prevent these unfair or deceptive acts or practices, funeral providers must:

   (A) Place the following disclosure in the general price list, immediately above the prices required by § 453.2(b)(4) (ii) and (iii): "The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain
the reason in writing on the statement we provide describing the funeral goods and services you selected." Provided, however, that if the charge for "services of funeral director and staff" cannot be declined by the purchaser, the statement shall include the sentence: "However, any funeral arrangements you select will include a charge for our basic services" between the second and third sentences of the statement specified above herein. The statement may include the phrase "and overhead" after the word "services" if the fee includes a charge for the recovery of unallocated funeral provider overhead;

(B) Place the following disclosure in the statement of funeral goods and services selected, required by § 453.2(b)(5)(i): "Charges are only for those items that you selected or that are required. If we are required by law or by a cemetery or crematory to use any items, we will explain the reasons in writing below."

(ii) A funeral provider shall not violate this section by failing to comply with a request for a combination of goods or services which would be impossible, impractical, or excessively burdensome to provide.

§ 453.5 Services provided without prior approval.

(a) Unfair or deceptive acts or practices. In selling or offering to sell funeral goods or funeral services to the public, it is an unfair or deceptive act or practice for any provider to embalm a deceased human body for a fee unless:

(1) State or local law or regulation requires embalming in the particular circumstances regardless of any funeral choice which the family might make; or

(2) Prior approval for embalming (expressly so described) has been obtained from a family member or other authorized person; or

(3) The funeral provider is unable to contact a family member or other authorized person after exercising due diligence, has no reason to believe the family does not want embalming performed, and obtains subsequent approval for embalming already performed (expressly so described). In seeking approval, the funeral provider must disclose that a fee will be charged if the family selects a funeral which requires embalming, such as a funeral with viewing, and that no fee will be charged if the family selects a service which does not require embalming, such as direct cremation or immediate burial.

(b) Preventive requirement. To prevent these unfair or deceptive acts or practices, funeral providers must include on the itemized statement of funeral goods and services selected, required by § 453.2(b)(5), the statement: "If you selected a funeral that may require embalming, such as a funeral with viewing, you may have to pay for embalming. You do not have to pay for embalming you did not approve if you selected arrangements such as a direct cremation or immediate burial. If we charged for embalming, we will explain why below."

§ 453.6 Retention of documents.

To prevent the unfair or deceptive acts or practices specified in §§ 453.2 and 453.3 of this rule, funeral providers must retain and make available for inspection by Commission officials true and accurate copies of the price lists specified in §§ 453.2(b)(2) through (4), as applicable, for at least one year after the date of their last distribution to customers, and a copy of each statement of funeral goods and services selected, as required by § 453.2(b)(5), for at least one year from the date of the arrangements conference.
§ 453.7 Comprehension of disclosures.

To prevent the unfair or deceptive acts or practices specified in §§ 453.2 through 453.5, funeral providers must make all disclosures required by those sections in a clear and conspicuous manner. Providers shall not include in the casket, outer burial container, and general price lists, required by §§ 453.2(b)(2)−(4), any statement or information that alters or contradicts the information required by this part to be included in those lists.

§ 453.8 Declaration of intent.

(a) Except as otherwise provided in § 453.2(a), it is a violation of this rule to engage in any unfair or deceptive acts or practices specified in this rule, or to fail to comply with any of the preventive requirements specified in this rule;

(b) The provisions of this rule are separate and severable from one another. If any provision is determined to be invalid, it is the Commission’s intention that the remaining provisions shall continue in effect.

(c) This rule shall not apply to the business of insurance or to acts in the conduct thereof.

§ 453.9 State exemptions.

If, upon application to the Commission by an appropriate state agency, the Commission determines that:

(a) There is a state requirement in effect which applies to any transaction to which this rule applies; and

(b) That state requirement affords an overall level of protection to consumers which is as great as, or greater than, the protection afforded by this rule; then the Commission’s rule will not be in effect in that state to the extent specified by the Commission in its determination, for as long as the State administers and enforces effectively the state requirement.
