10:20-11:40	**Community Round Robin & Parking Lot*:** Each community to answer the following questions. See Parking Lot instructions below. • What types of materials does your community currently recycle? If you could recycle a certain type of waste that you aren't now, what would that be? • Kawerak wants to make this recycling center a long-term solution and service for the region, that will grow over time and include additional waste streams. What would you like to see there? Could be equipment, or functions, or simply a look and feel. How can a regional facility be best designed to help your community recycle? What features would you like to see? • How can kawerak change their backhaul/recycling support and operations to better serve your community now? • What else do you need from Kawerak to support your community's future recycling goals?
11:40-11:45	**Polling the Group T**ext LZENDER699 to 22333 to join the poll
11:45-12:00	**Additional comments and questions from community members**

* Parking Lot: Speaking time is limited. A parking lot is a place to store comments and questions until we are able to pick them up. If we run out of time for your community, please use the chat box in Adobe Connect to provide any additional comments or questions. For those on the phone only, please write down your comments and questions and send them to Paul Berry at pberry@zendergroup.org . Comments in the chat box, email, or survey are treated equally to spoken comments.
