ADDENDUM #3

Questions #1

RFP Section V Additional Information Section 4 (Page 13)

This states "Contractor agrees to comply with Kawerak's Mandatory Vaccine Policy, which requires as follows: "Any personnel of Contractor that will be performing the Scope of Work and who will be on site within Kawerak facilities or in physical contact with Kawerak staff or clientele while providing such services, will be vaccinated."

1. Can you please define which vaccinations are required by the phrase "will be vaccinated" and share Kawerak's Mandatory Vaccine policy for reference?
2. Further, is your intent of this request for compliance to require specific vaccinations by the Contractor's subcontractors—whether within Kawerak facilities or within the Contractor's or Contractor's subcontractors' facilities (if/when Kawerak staff would visit these facilities to interact with Contractor)?
3. Please confirm whether Kawerak is committed to this requirement or willing to remove it.

Response: Kawerak is waiving this requirement for the Modular supplier.
