Project Description:
- Kawerak, Inc., (Kawerak), a tribal consortium and non-profit corporation in Nome, Alaska, is soliciting bids from qualified General Contractors for the Savoonga Reindeer Commercial Company (“SRCC”) Reindeer Project (“Reindeer Project”) in Savoonga Alaska. The entity shall provide all material, labor, equipment, supplies, transportation, handling and storage and performing all operations in connection with the construction of a Reindeer Processing Facility. Scope is further defined as the construction of water and sewer mainline extension; water, sewer and electric service connections, building pad,
and foundation systems. Pre-fabricated units and support building will be placed on gravel pad with foundations. The existing reindeer main corral located ~35 miles east of Savoonga will be replaced to include a neck, pens, and fawn filters. A storage shed will be constructed at the main corral.

Project Location Overview:
- See attached pages at end of this document.

Bid Submittal and Opening:
- Owner will receive sealed lump sum bids until the bid time and date at the location given below. Owner will consider bids prepared in compliance with the instructions to Bidders issued by Owner, and delivered as follows:
  - Bid Date: July 12, 2024
  - Bid Time: 12:00 PM AKDT local time
  - Bid Location: Coffman Engineers, Attention Ed Leonetti. Responses may be emailed to ed.leonetti@coffman.com or alternatively, hand deliveries may be made in person to Coffman Engineers at 301 W. Northern Lights Blvd., Anchorage, AK 99053

Bid Questions Received to-date:
1. Will you be issuing a schedule for section 087100 on this project?
2. Okay so what I did not see to be able to quote properly is the Hardware schedule for the doors and frames and if you will not have one then I would need the general idea below:
3. The bid document asks for a subcontractor in section 004113-2 for masonry work however, there is no work under this scope. Therefore, what masonry work is anticipated for this project?
4. For section 01 10 00 – 1.8A, where is the manufacturer delivering the prefabricated modular processing facility? Will they be delivered to Anchorage or is it the responsibility of the contractor to ship the modules from the manufacturer to Savoonga?
5. Where are the containerized incinerators going to be placed on the project location as this is not shown on the plans? Also, are the piles on which they sit going to be on a gravel pad?
6. Please provide modular connection details. (Structural, roofing and siding details)
7. Please confirm if the Water & Sewer Mains utilidor will be supplied and installed by others. See sheet C-200, detail 2
8. On the Room Finish Schedule on A-601, please confirm that FRP panels are to be installed for the flooring in the bathroom.
9. Are there any liquidated damages if the project is not finished at the final completion date? And if so, how much?
10. Does the owner have professional liability insurance?

New Questions:
1. Is there a gravel source for the pad?
2. Is there any housing in SVA or will the GC have to bring housing to the island?
3. Are there any pumping services for porta-potties?
4. Access to corral site: Can a barge get there or is it a heli-ops?
5. How did they get the existing infrastructure out to the Corral site?
6. What permits are required to travel outside of town proper?
7. Can you confirm that the storage building will be the last alternate?
8. Is EDA going to be onsite and will they be involved with payments?
9. Would it be possible to provide a one-week extension to the bid date?
10. Can you post the budget?
11. Is it possible to the Geotech report shared?
12. Why was the base bid broken out into the four items?
13. Is there a possibility that some of the base bid items will not be awarded?

All questions will be formally responded to via addendum.
